

My experience with Penrod Construction Company can be summed up in 3 words... Honesty, Integrity, and Workmanship. Corey takes pride in his work and always makes sure the customer is completely satisfied. One of the biggest differences between Penrod Construction Company and other companies is that Corey is a hands-on contractor. Corey isn't afraid to put his tool belt on and get his hands dirty. I have lived in Okeechobee 67 years and in that time, I have heard many horror stories about building a house, but with Penrod Construction Company you can put your mind at ease. When you decide you are ready to build, take the time to have a conversation with Corey and you will discover what I am talking about. Feel free to contact me after to talk with Corey. I am very pleased with our new home. Thank you, Penrod Construction Company, for your quality work and commitment to providing exceptional service.
